For Meeting of: April 3, 2012

To: City Council

From: Kevin Caldwell, Community Development Director 

Through: Ron Henrickson, City Manager

Date: March 29, 2012

Subject: Election/Political Sign Regulations

Recommendation:

That the City Council:

1. Receive staff's report, including the Planning Commission's recommendations, regarding amending the City's existing sign regulations to address Election/Political signs;
2. Open the public hearing, receive public input and deliberate;
3. Introduce Ordinance No, 289-2012 amending Section 17.30.260 of the Rio Dell Municipal Code (RDMC) by establishing Election/Political sign regulations.
4. Continue consideration of the proposed ordinance to your meeting of April 20, 2012 for the second reading and adoption.
5. Direct staff to post the Pre-Adoption Ordinance Summary 10 days prior to the scheduled adoption of the Ordinance.

Background and Discussion

At your meeting of March 20, 2012, staff presented some background information and draft language regarding potential election/political sign regulations. For the most part your Council supported the draft language. There was some discussion regarding staff's recommendation about the placement of signs within six (6) feet of an existing curb. There may have been some confusion regarding recommended six (6) feet. When discussed, the six foot reference was from the property line and not the curb. Below is a copy of the draft language:

(f) Signs may not be placed within a public right of way, nor within 25 feet of an intersection and no closer than 6 feet from the curb. Where no curb exists, signs shall be at least 10 feet from the edge of the pavement;

The six foot provision was intended so as not to interfere on pedestrian and bicycle traffic in front of the parcel. This issue was also discussed at the Planning Commission's meeting of March 28, 2012. The Commission expressed concerns regarding the recommended setbacks and the effect on placing signs on fences and buildings, which they support, that are built on the property line.

Basically, those properties with fences on property lines or buildings built on property lines which front on roads with 5 foot sidewalks or less would be precluded from placing signs on their fences or buildings. As the Council is aware, the placement of signs on fences and buildings was also discussed at your meeting of March 20, 2012.

Staff agreed and supports the Commission's recommendation to reduce the recommended setback from 6 feet to 3 feet from the curb and from 10 feet to five feet from the edge of existing pavement. In addition, the Commission is recommending that the preclusion of signs within 25 feet of intersection be expanded to 30 feet, which is consistent with the required visibility triangle for fences.

Another issue discussed, related to the recommended six foot setback from the curb, was the placement of signs on fences. The recommended language does state that the signs must be "freestanding". This would not allow the placement of signs on fences or on buildings themselves. It was pointed out that a number of properties in town do have fences in front the houses. One issue discussed, was the possibility of the signs creating an attractive nuisance should a number of adjacent properties with fences posted the maximum number of signs. Staff is recommending that no more than four signs be allowed to be posted on any one parcel. Of course this provision is also up for discussion and recommendation to the Council

Procedures for Zoning Ordinance Amendments

Pursuant to Section 17.30.010 of the City of Rio Dell Municipal Code, the following City procedures are required to amend the Ordinance:

- Subject only to the rules regarding the placing of matters on its agenda, the City Council, at its next regular meeting following the receipt of such report, shall cause the matter to be set for a public hearing. Notice of the time and place of the hearing shall be given as provided in Section 17.30.010(5), hereof.
- At the public hearing, the City Council shall hear any person affected by the proposed amendment. The hearing may be continued to a specified future date, but shall be concluded within 60 days of the commencement thereof.
- The City Council shall not make any change in the proposed amendment until the proposed change has been referred to the Planning Commission for a report, and the Planning Commission report has been filed with the City Council.

Zone Amendment Required Findings:

1. The proposed amendment is in the public interest.

The establishment of election sign regulations is in the public interest in that it would establish consistent standards regarding the timing, location, size, lighting and removal of election signs. Currently residents can erect signs that are not limited to size, to location, that are illuminated and/or flashing and are not regulated regarding the placement and removal of the signs prior to and after the election.

2. The proposed amendment is consistent and compatible with the General Plan and any implementation programs that may be affected.

One of the primary purposes of the General Plan is to facilitate planned, orderly development and to promote the public health, safety and welfare. The proposed regulations will ensure that elections signs will not detrimentally affect surrounding properties or neighborhoods. There are no specific goals, policies or discussions regarding the regulation of election/political signs. Therefore, staff believes the proposed amendment is consistent with the General Plan.

3. The proposed amendments have been processed in accordance with the California Environmental Quality Act (CEQA).

The primary purpose of the California Environmental Quality Act (CEQA) is to inform the decision makers and the public of potential environmental effects of a proposed project.

Based on the nature of the project, staff has determined that the project is Statutorily Exempt pursuant to Section 15061(b) (3) of the CEQA Guidelines, Title 14, Chapter 3 of the California Code of Regulations. Pursuant to Section 15061(b) (3) of the CEQA Guidelines this exemption is covered by the general rule that CEQA applies only to projects which have the potential for causing a **significant** effect on the environment. Where it can be seen with certainty that there is no possibility that the project in question may have a significant effect on the environment, the project is not subject to CEQA. Based on the nature of the proposed amendment, staff believes

there is no evidence to suggest that the amendment will have a significant effect on the environment.

Financial Impact

The City is responsible for the costs associated with the proposed amendment. The cost is insignificant and will not result in additional budget expenditures or revisions.

Alternatives

The City Council may choose to not implement the recommendations of the Planning Commission. Staff believes the Planning Commission's recommendations are appropriate and supports their recommendation.

SUBJECT: Resolution 1149-2012 Approving Submittal of Application to RCAC for bridge financing on the Wastewater Treatment and Disposal Project

RECOMMENDATION

Approve Resolution 1149-2012 Authorizing the City to borrow funds for bridge financing on the Wastewater Treatment and Disposal Project.

BUDGETARY IMPACT

None

BACKGROUND AND DISCUSSION

The City has been approved for a \$13.8 million funding agreement with the State Water Resources Control Board (SWRCB) for the Sewer Treatment and Disposal Project.

The average turn around for reimbursement requests with the State is approximately 30 – 60 days, which requires the City to secure bridge financing to supplement the City's cash flow, and prevent any delays in issuing payments to the contractor.

We are estimating an average payment request of \$700k per month from the contractor. With a 30 – 60 day processing time by the State, we are requesting approval from RCAC for a \$1.4 million revolving line of credit. In the event the City is in need of additional funding we will request an increase at that time. Currently, we are proposing the most conservative loan possible to reduce the City's origination fees and interest.

Resolution 1149-2012
Approving Submittal of Application to
Rural Community Assistance Corporation (RCAC) for Bridge Financing for the
Wastewater Treatment and Disposal Project

WHEREAS, The City Council of the City of Rio Dell, hereby authorizes the submission of a loan application, the incurring of an indebtedness, the execution of a loan agreement and any amendments thereto, a promissory note and any other documents necessary to secure a loan from Rural Community Assistance Corporation; and

WHEREAS, The City of Rio Dell (hereinafter referred to as “City”) is a municipal entity established under the laws of the State of California and empowered to own property, borrow money and give security for loans; and

WHEREAS, Rural Community Assistance Corporation (hereinafter referred to as “RCAC”) is authorized to make loans for housing, environmental infrastructure and community facilities for low-income people.

WHEREAS, The City wishes to obtain from RCAC bridge financing on for the development of Sewer Infrastructure (hereinafter referred to as “Project”) on the property located at: Hilltop Drive, Rio Dell, and South Metropolitan, Humboldt County, California.

NOW, THEREFORE BE IT RESOLVED, as follows:

1. The City shall submit to RCAC an application for a loan for the Project to be developed in the County of Humboldt in the State of California.
2. If the loan is approved, the City is hereby authorized to incur indebtedness in an amount not to exceed the amount approved by RCAC and to enter into a loan agreement with RCAC for the purposes set forth in the loan application and approved by RCAC. It also may give a promissory note and execute security and other instruments required by RCAC to evidence and secure the indebtedness.
3. The City is further authorized to request amendments, including increases in the loan amount up to amounts approved by RCAC, and to execute any and all documents required by RCAC to evidence and secure these amendments.
4. The City authorizes the City Manager or Finance Director to execute in the name of the City, the loan application and the loan agreement, promissory note, and security and other instruments required by RCAC to make and secure the loan and any amendments thereto.

Subject: Fence Regulations

Recommendation:

That the City Council:

1. Receive staff's report regarding the existing Fence Regulations;
2. Open the public hearing, receive public input and deliberate;
3. Adopt Resolution No. 1150-2012 recognizing and reaffirming the existing Fence Regulations, Ordinance No. 167; or
4. Direct staff to make modifications to the existing regulations and take back to the Planning Commission for review and recommendations.

Background and Discussion

After reviewing the existing and previous City Zoning Regulations, staff determined that although there are no Fence provisions in the current Rio Dell Municipal Code (RDMC), the original provisions adopted by Ordinance No. 167 are still in effect. Ordinance No. 167 was approved and adopted on October 5, 1982. Staff has determined that when the current regulations were codified by Code Publishing the fence regulations were inadvertently omitted. Staff reviewed subsequent Ordinances and did not locate an Ordinance repealing Ordinance No. 167.

Staff discussed the omission with the City Attorney and he recommended that staff prepare a Resolution for the City Council to reaffirm the continued viability of Ordinance No. 167. Staff believed it was appropriate to inform and discuss with the Planning Commission the existing fence regulations. Staff presented the existing regulations to the Planning Commission at their meeting of March 28, 2012 and there were no recommended revisions at this time.

The existing Ordinance is included as Attachment 1. At this time staff is recommending the city Council review and discuss the existing regulations and any possible amendment. Should the Council determine that revisions are necessary; staff recommends that the revisions be scheduled for the Planning Commission's review. It should be noted that staff reserved Section 17.30.090 of the Rio Dell Municipal Code (RDMC) for future Fence regulations.
